

Kashagawigamog July 26th Tournament Results

Saturday July 26th was the third official qualifier for the Mega City Bass Anglers tournament trail. The talk during the pre-fish was that you would have to work hard for your bites. This indeed was the scenario of the weekend. The night before I was talking with many of the anglers and I said we are expecting some thunderstorms and showers. As if we didn't get enough at the first two events Mother Nature was working her magic once again and delivered everything she could muster up. Thunder, lightning and rain hammered us, but the Mega Team is built Ford tough and took all her best punches and we all stood tall in the end.

First Place went to the team of Paul "HERCULES" Hecking & Nick "SAVVY" Savino who pulled out all the stops to grab the win with a fantastic weight of 16.87 lbs. Small jaws were on the menu of the day for these lads. Paul was one of the favourites heading into this event having fished the lake for a few years.

Second place went to another Kashagawigamog favourite Scotty "SCRAPPY DOO" Murison & Randy "SAVAGE" Licastro. They had another good bag weighing in at 15.89 lbs.

Third place went out to hard working Peter "THE ROCK" Marrocco & Mike "MADMAN" Mirabelli holding their own with 13.78 lbs.

BIG FISH went to out Scott "BAD BOY" Pierce with a 5.43 tank smallmouth. Scott seems to own this department with his second big fish title. Scott also fished on his own and I want to congratulate him and all the anglers that fought by themselves. This is no easy task being minus a stick on the boat.

On a side note the tournament shirts came in and seeing them on the members and fishing with them on the lake looked fantastic. The shirts got many compliments and the colour selection in my own opinion looked fabulous.

Kashagawigamog July 27th Tournament Results

Sunday July 27th MCBA fourth qualifier was the clubs first ever back to back events on the same body of water. As usual Mother Nature kept laying a beating on team MC almost as to see how much we could endure. No stopping our troops as it was bring it on Nature Girl. There was much at stake with Weekend Warrior Boater & Non-boater prize on the line and everyone going for another win. Weight is the determining factor for the Warrior prize so as in the first weekend warrior showed anything can happen on the Sunday. I was lucky enough to have drawn hot hand Angelo Varvaro who's known as money in the bank. Fishing a couple events on my own I'm sure many that have will tell you that it's nice to have another stick in the boat. Angelo's stick is as good as it comes and anyone who draws him will find that out in a heart beat. Angelo is also a great help and huge part of this club and loves wearing the MC colours.

Being the check in boat we heard that teams struggled out there and a decent bag could win it. Angelo was on fire this day and could do no wrong as he boated all the keepers. I think I put the smallest in the bag that if we called him we would've had a better weight.

First place went to Frank "ROPER" Rotundo & Angelo "MONEYMAN" Varvaro who I'm sure will be a threat when he steps up as a boater. Thanks Angelo it was a BLAST. Our weight was 14.75 lbs.

Second Place went to Peter "THE ROCK" Marrocco with a weight of 11.50 lbs. Peter fished on his own Day 2 and you can only applaud an angler who does well in this situation. Fantastic job on your solo mission this day Peter.

Third Place went to John "DEMOLITION" Delicata & Peter "THE GOD FATHER" Natalizio with a weight of 9.94 lbs.

Big Fish went to the team of Frank “ROPER” Rotundo & Angelo “MONEYMAN” Varvaro as Angelo’s first fish he caught this day weighed in at 3.99 lbs and it was enough to take the big fish title.

Weekend Warrior Prize became a shoot out, right down to the wire as I said before on any given Sunday anything can happen. Once again with the draw of the hot hand Angelo “MONEYMAN” Varvaro I was able to squeak out the BOATER WEEKEND WARRIOR PRIZE. Frank “ROPER” Rotundo wins with a 2 day weight of 25.75 lbs.

NON-BOATER WEEKEND WARRIOR went to Randy "SAVAGE" Licastro with a weight of 25.05 lbs. Good job Randy and we look forward to the continuation of the MCBA tournament trail which will be held at Stoney Lake & Lower Buckhorn Lake on the weekend of Aug 23rd & 24th.
